Enduring character, beauty, strength and bragging rights.
From seamless beauty to design possibilities to low maintenance, Celect® Cellular Composite Siding by Royal® is engineered to impress and astound.

In other words, it's built to look beautiful for a very long time.
Celect is inspired by the distinctive presence of wood yet possesses none of wood's far-from-perfect maintenance demands. This is the very best of both worlds—where you get the look, touch and timelessness of real wood without its inconveniences and expenses.

Forget about mold, mildew, fading, deterioration, scrubbing and messy maintenance crews. While you're at it, disregard painting, repainting, caulking, re-caulking and delaminating. Celect's awesome, virtually maintenance-free looks never quit. Year after year, decade after decade.

• Stands up to impact even under the harshest weather conditions
• Fade-resistant Kynar Aquatec® coating withstands all weather conditions and climates
• Backed by a 25-year color protection warranty

GORGEOUS AESTHETICS AND NEAR-ZERO MAINTENANCE. HOW BEAUTIFUL IS THAT?

Celect has the amazing curb appeal of natural wood, but that's where the similarities end. Its patented interlocking joints keep moisture out and almost completely eliminate seams, so it not only looks authentic, it does away with gaps and wavy lines—keeping boards straight and true through the home's natural expansion and contraction.

Plus its gravity lock design eliminates warping, buckling and shifting while boosting wind resistance to more than 210 mph.

THE #1 CELLULAR COMPOSITE SIDING SYSTEM IN THE MARKET: IT PERFORMS AS FLAWLESSLY AS IT LOOKS.
INFLUENCED BY TIMELESS CHARM. 
UNFAZED BY RELENTLESS ELEMENTS.

Celect Clapboard, Board & Batten and Shake Premium Siding options are all made from the same recyclable, state-of-the-art cellular material. Which means every one of our siding styles not only faithfully reproduces the texture, look and solid heft of real wood, but is unaffected by mold, mildew, weather and time.
