However you imagine home, we have it covered.
The last siding brochure you’ll ever need.

Choosing the right siding is likely the biggest, and potentially the most confusing, exterior decision out there. But it doesn’t have to be. Royal® Building Products is out to make the experience simple and supremely satisfying—with gorgeous, low-maintenance siding that covers a wide range of styles, climates and budgets.

In this brochure, you’ll find out why our siding is so curb appealing, highly durable and easy to live with. For clarity, direction and even a little inspiration, just start turning the pages. You’ll love where you end up.

CURB APPEAL
We have the siding styles, textures and accessories to help you fine tune it, whether your home is a Craftsman, Cape Cod, Colonial or somewhere in between. Our siding with darker shades features innovative Chromatix™ technology color protection to stay rich and true, day after day.

DURABILITY
Our siding resists color fade and protects your exterior for a very long time, and looks good while doing it. Plus, many of our siding lines are surprisingly green, making cedar in overall sustainability.

LOW MAINTENANCE
By making our siding virtually impervious to water, you end up with siding that’s very easy to take care of and practically maintenance free.

VALUE
No matter what level of expense is in your comfort zone, we have a siding product that looks great and performs beautifully.

PEACE OF MIND
Every one of our siding products makes life easier with a great warranty, while contributing to strong resale value.

Express your outer feelings. Start with the right color.

When it comes to how your siding presents itself, color is crucial. So we pay a lot of attention to what’s trending and what works. Choosing your own colors can be fun, but a bit overwhelming. If you need a nudge, get ideas and tips from our color combination tool at RoyalBuildingProducts.com/RoyalColorCombos.

Chromatix™ technology: Imagine sunblock for your siding.

We develop our colors to keep their eye candy promises when they’re fresh, and easy down the road. So we formulated our siding pigments to deliver vibrant curb appeal, resist fade and fend off elements day after day.

Our proprietary Chromatix™ technology color protection features infrared-reflecting pigments to reduce heat buildup. We added a UV formulation with mineral-based pigments to keep siding colors from fading. Sound a bit scientific? It should, because we understand the importance of effortlessly maintaining the look you created in a challenging outdoor environment. And, we back it up with an industry-leading Double Lifetime Warranty. What you get is rich, true color that raises the curb appeal of our siding with Premium and Dark shades.

• Featured in Premium and Dark Colorscapes® shades
• Proprietary infrared-reflecting pigments reduce heat buildup
• Warranted to fade less so dark colors stay true

Actual siding colors may vary slightly from printed brochure.
Royal Haven® Insulated Siding has the rustically curb-appealing look of authentic woodgrain and the architecturally correct profiles that provide a seamless, flat fit. Haven’s EPS foam helps it insulate better than fiber cement, wood, engineered wood or brick. So it keeps your home quiet and conquers harsh climates. And its composite structure makes it super durable, which keeps you from spending precious time painting or thinking about siding that warps, buckles or sags.
